7. Ministry of Defence: Defence Research and Development Organisation Technical cadre Recruitment rules, 1995 page 10 classification itself is defined as "Classification Civilian in Defence service" and also mentions Defence Research & Technical service in category III.
8. India Council of Medical Research has also classified the post as "Group C, Technical, Non-Gazetted."

All these recruitment rules imply that the post have to be described either in the preface of the notification or in the classification column to extend the pay commission benefits such as FCS mode of promotion, extra allowance payment and etc.

The industrial staffs are covered by industrial dispute act where as the central Govt. establishments such as IMD which is an operational service provider to the nation and is working round the clock and in accordance to the pay commission recommendation the recruitment rules should reflect the same.

This union is of the opinion that due to conflict between Govt. policies, Pay commission recommendations and IMD mandate that we are unable to get the complete benefits given by Govt. of India and pay commissions.

Therefore once again I request of behalf of NGSU to include "Scientific/operational and Technical/operational" in the recruitment rules of Group 'B' and Group 'C' officers and staff of IMD.
